

CHAUCER'S

Sparkling Mead

THE WINE

A GLUTEN FREE, Semi-dry hard honey beverage with natural orange and ginger essences. This specialty Mead offers aromas of fresh California honey, as well as hints of orange and ginger. On the palate, the sweet honey is present, but not overpowering. This Mead is light in body, with small refreshing bubbles filling the mouth. The finish is crisp and clean, with lingering hints of Valencia orange. Serve this Sparkling Mead chilled in your favorite pilsner-style beer glass

\$9.00 / 500ml bottle, 16.9 fl. oz.

PRODUCTION NOTES

The honey for this specialty Sparkling Mead is produced in hives throughout California's Central Valley and Sierra Mountains. Our Sparkling Mead is composed of a blend of many types of honey: alfalfa, orange blossom, wildflower and sage. Each type brings a unique quality to the blend and contributes to the overall complexity of the Mead. Alfalfa is neutral in flavor but yields a dark, amber color. The orange blossom brings a floral bouquet to the nose of the wine. Wildflower and sage are lighter in color and flavor but taste fresh with hints of spice.

FOOD PAIRING SUGGESTIONS

- Pairs well Asian food and BBQ
- Enjoy with spicy food and sushi

AWARDS

- Silver
CA State Fair Wine Competition

Packaging: 500 ml. / 16.9 fl. oz.
